## PUBLIC NOTICE

### NOTICE OF INTENT TO ADOPT A NEGATIVE DECLARATION/FINDING OF NO SIGNIFICANT IMPACT FOR A TRUCK CLIMBING LANE PROJECT ON I-80 IN PLACER COUNTY

#### WHAT IS PLANNED

The California Department of Transportation (Caltrans) is proposing to add a truck climbing lane on Interstate 80 (I-80) in the east-bound direction from the Long Ravine railroad trestle to the Alpine Interchange in Placer County. The project is needed because high truck volumes combined with long and steep grades, narrow shoulders, accident frequency, and difficult winter storm conditions severely limit the operation of the facility.

The environmental document, referred to as a Draft Initial Study (IS)/Environmental Assessment (EA), is available at the Placer County Library Colfax Branch at 2 West Church Street in Colfax.
